

# ENTRY-GUARD™ (P/N: ETG-DLS-2)

Entry-Guard™ illuminated dual status sign. Switch between: SAFE - No laser hazard, and DANGER - Laser radiation. Dual LED bulbs per status with internal circuit board for remote control.

- Provides dual status indicator based on Entry-Guard™ status
- Safe low voltage input power 12 VDC
- Low profile lights provide 180 degree field of view

Specifications	
<b>Outside Dimensions</b>	A = Height: 6.25" [158.7mm]
	B = Width: 10.00" [254mm]
	C = Depth: 2.00" [50.8mm]
<b>Mounting Pattern</b>	D = Height: 4.00" [101.6mm]
	E = Width: 8.00" [203.2mm]
	F = Diameter: 0.28" [7.1mm]
	Single or dual gang outlet box compatible
<b>Input Voltage</b>	10-30VDC
<b>Current Draw</b>	0.25 amps
<b>Control Voltage</b>	9 to 24 VDC (applied voltage to switch sign status to "danger")
<b>Weight</b>	1.15 lbs [0.52 kgs]
